

4 days

# Wild Okavango Experience-Culture and Wildlife

Joining the Wild Okavango Experience-Culture and Wildlife gives you an unique chance to explore one of the most remote areas in the heart of the Okavango Delta. Our qualified local guides with a sense for conservation are there to teach you the secrets of nature and life in the bush and show you the culture of their home. Immerse in the wilderness during our bushwalks and visit a traditional village in the middle of the Okavango Delta. You will spend the night in a dome tent in the middle of nature after sharing stories around the campfire with your guides and fellow travelers.

## 4 DAYS FULLY-CATERED SAFARI INCLUDING

- accommodation in dome tents with en-suite bathrooms and full linen (4 nights)
- transfer from Maun to the camp
- all meals prepared by our local chef and drinks included (alcoholics and non-alcoholics)
- bottled drinking water
- all camping equipment
- private qualified guide
- all park fees

## ON YOUR OWN EXPENSE

- international flights to and from Maun
- tips to all local guides

# Our Itinerary

---

**We advise you to arrive one day before your trip starts in order to have a relaxed safari experience. We are happy to arrange your pre-safari accommodation.**

## DAY 1

Our safari starts in Maun, the safari capital of Botswana. Our guide will meet you at the airport/hotel in the morning. This safari takes you to one of the most remote areas of the Okavango Delta. You will fly with a small aircraft to Jedibe airstrip where you will hop on a boat for a transfer to your camp which is set up on a stunning island. After a freshly prepared lunch and a little siesta we will go on our first activity, a little Bushwalk. After a delicious dinner, we will get the chance to get to know each other and share some campfire stories before you will sleep your first night in the middle of this beautiful wilderness.

## DAY 2

Over the next days you will explore this area on twice daily activities. These activities will primarily be focused on walking safaris and if water levels allow mokoro rides (traditional canoes). Mokoros can also be used to reach new walking areas nearby.

The morning walks are typically longer (about 4-5 hours) because the temperature is lower. As it's starting to get hot during the day, the afternoon activities are normally more relaxed and vary according to the comfort level of the group.

During the walks a wide range of topics will be covered including tracks & tracking, botanical information, birding, insects, ecology related to the Okavango Delta, local traditional medicines, to allow you an overall safari experience and better understanding of the whole ecosystem. There are no set schedules and walks will be conducted with safety as priority.

## DAY 3

After our morning activity we come back to camp where a freshly prepared lunch awaits us. This afternoon you will have the chance to visit Jao village. Reachable only by boat, this village is still one of the most remote villages in the Okavango Delta. Learning about the culture and understanding how people used to and still live in the Okavango Delta, makes your Safari Experience complete. You will have the opportunity to spend the whole afternoon in this special village before our boat will bring us back to our camp.

## DAY 4

After a leisurely breakfast we will leave that special place behind and get you back to Maun where our shared wild experience will end.

We are happy to help you arrange any post-accommodation or ongoing travel plans.

This Safari can be combined with the "Wild Okavango Experience- Wildlife Explorer" or the "Wild Okavango Experience- Walking Safari"
