Our Itinerary

We advise you to arrive one day before your trip starts in order to have a relaxed safari experience. We are happy to arrange your pre-safari accommodation.

DAY 1

Our safari starts in Maun, the safari capital of Botswana. Our guide will meet you at the airport/hotel in the morning. The drive to our camp is approximately 4-5 hours. You can expect to reach camp around sunset on the first day. After around 1,5 hour of tar and gravel road we will cross the veterinary fence. Thereafter we will have the chance to spot our first wildlife, so keep your cameras ready.

Our staff will welcome and introduce you to our mobile home for the next 4 nights. After a delicious dinner, we will get the chance to get to know each other and share some campfire stories before you will sleep your first night in the middle of this beautiful wilderness.

DAY 2 - 4

Over the next 3 full days you will explore this area on twice daily game drives.

A typical day looks like this:

You will be woken up shortly before sunrise for a freshly brewed coffee and breakfast around the campfire. As soon as there's enough sunlight you will start your game drive in search of the abundant wildlife. Halfway through the drive we will stop for a coffee break and some biscuits before we continue the drive and slowly head back to camp.

After a freshly prepared lunch, you have time for a siesta and charging your electrical equipment. It is also recommended to request your bucket shower during the day where you have good sunlight.

After an afternoon tea you will head on the next game drive. This is typically a shorter drive, following up on the action that occurred in the morning. Often you will stop on a scenic location for a relaxing sundowner drink as the sun starts to disappear.

You will then head back to camp where a crackling fireplace awaits. Enjoy your drink around the fireplace while our professional chef prepares our delicious dinner. The day ends around our campfire where we share our stories and experiences.

DAY 5

We will leave that special place behind and get you back to Maun where our shared wild experience will end. We are happy to help you arrange any post-accommodation or ongoing travel plans.

This Safari can be combined with either the "Wild Okavango Experience- Walking Safari" or the "Wild Okavango Experience- Culture and Wildlife" or both.
